

TOMATO GUIDE

	Heirloom	Maturity	Fruit Size	Determinate/ Indeterminate	Description	Uses
Amish Paste	X	80	6-8 oz	Indeterminate	Oxheart shaped, red roma type, thick flesh with few seeds, largest paste tomato.	Canning, drying
Beefmaster		80	12-22 oz	Indeterminate	Oblate, good disease resistance. Sweet and meaty, nearly seedless. Up to 1.5#.	Fresh, canning, drying
Beefsteak	X	80	15-32 oz	Indeterminate	Flattened globe, home garden. Can be as large as 2lbs, old fashioned favorite. Meaty, small pulp cavity. Acidic.	Fresh, slicing
Better Boy		70	12-16 oz	Indeterminate	Deep globe, bred from Big Boy and Lemon Boy. Disease resistant, cool tolerant, excellent fall crop choice.	Fresh, cooking
Big Beef		73	10-12 oz	Indeterminate	Deep oblate, crack resistant. Beefsteak type, sweet and juicy with plenty of acid overtones. Heat tolerant, greenhouse or open field.	Fresh, canning
Big Boy		78	10 oz	Indeterminate	Deep globe, strong, crack resistant with wonderful aroma and rich flavor.	Fresh, cooking
Black Krim	X	70	8-12 oz	Indeterminate	Deep maroon, almost black globe-shaped fruit with unique salty twang. Sometimes green shoulder, Late blight resistant, excellent fall crop choice.	Fresh
Brandywine	X	80	1-1.5 lbs	Indeterminate	Potato leaf, thought by many to be the best tasting of all heirlooms. Excellent fall crop.	Fresh, canning
Celebrity		70	7 oz	Determinate	Deep oblate, good flavor, outstanding disease resistance. Cool tolerant, excellent fall crop choice.	Fresh, canning, drying
Early Girl		52	4-6 oz	Indeterminate	Home garden variety, early tomato, cool tolerant.	Fresh, slicing
Golden Jubilee	X	80	6-7 oz.	Indeterminate	Heavy yielding, golden-orange, mild tasting, but with good tomato flavor.	Fresh, canning
Goliath		55-68	1-1.5 lbs	Indeterminate	Flat, red, oblate fruit, disease resistant.	Fresh, canning

TOMATO GUIDE

Jet Star		75	8 oz	Indeterminate	Globe, deep red. High yield, low acid with excellent flavor, disease resistant. Our most popular tomato.	Fresh, canning
Juliet		60	1 oz	Indeterminate	Elongated, sweet, grape-like fruits that don't crack. Cling to the vine longer than other cherry tomatoes.	Fresh, saute, drying, canning
Lemon Boy		72	7 oz	Indeterminate	Globe, yellow, mild, vigorous. Excellent tasting, disease resistant.	Fresh
Mountain Fresh		80	8 oz	Determinate	Flattened globe, smooth and red with a good somewhat acid flavor, disease resistant.	Fresh
Oxheart	X	80	1-2lbs.	Indeterminate	Old fashioned, firm meaty, solid, very flavorful.	Fresh, canning
Patio		70	4 oz	Determinate	Deep oblate, great compact plant for patios.	Fresh
Pink Girl		76	8 oz	Indeterminate	Deep oblate, mild flavor and good crack resistance.	Fresh
Lg. Red Cherry	X	80	1-3 oz.	Indeterminate	Globe, great for salads, pickling and stir-fry. Prolific producer. 1.5-2" deep red fruit. Grows in clusters, great for canning tomatoes whole.	Fresh , canning
Red Grape		69-80	1 oz	Indeterminate	Open pollinated, small red grape sized fruit, grows in clusters.	Fresh, drying
Roma	X	76	5 oz	Determinate	Oblong, very meaty, low # of seeds.	Fresh, canning, drying
Rutgers	X	75	8 oz.	Determinate	Globe, thick walled, crack resistant. Unique tangy flavor, bright red color. Excellent fall crop, extremely juicy.	Fresh, canning
Super Fantastic		70	10 oz	Indeterminate	High yielding, solid, meaty tomatoes with smooth skin.	Fresh, canning, drying
Supersweet 100		70	1 oz	Indeterminate	Round, cherry type, very sweet fruit, heat and cool tolerant. Excellent fall crop choice.	Fresh
Yellow Pear	X	78	1-2 oz	Indeterminate	High yields, 2" yellow-skinned, pear-shaped.	Fresh, pickling, canning

Indeterminate= "vining", will grow and produce fruit until frost, can reach heights of 6'-10', will need caging or staking.

TOMATO GUIDE

Determinate= Bred to grow to a compact height (less than 4'), stop growing when they set bud on the terminal growth, fruit most will ripen close to the same time, make better container plants than indeterminate types.

Heirloom= old varieties, may have naturally cross pollinated, open pollinated.
